Clear Acrylic Draw Rods

SurgeWave® System

RENAISSANCE

The SurgeWave® System from Renaissance gives a consistent heading without having to pull any strings and with your curtains open, SurgeWave® stacks back to give a tidy, minimalistic look.

The simple-to-install system produces smooth, consistent waves in your fabric which effortlessly glides along your chosen track.

Look for the SurgeWave® System compatibility logo.

How it Works Curtains open

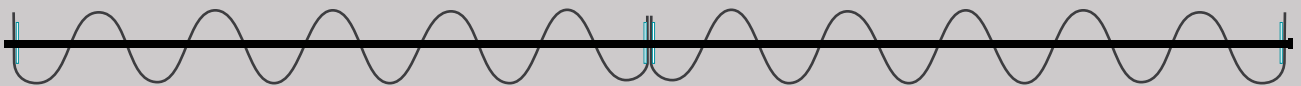

With curtains open SurgeWave® stacks back to give a tidy, minimalistic look.

Stacked back from above with **Neat Pleat Guides** on the last gliders.

How it Works Curtains drawn closed

SurgeWave® gives smooth, consistent waves in your fabric with the curtains drawn closed to a flush finish thanks to the **Neat Pleat Guides**

How it Works SurgeWave® Neat Pleat Guides

Neat Pleat Guides clip onto the last 4mm or 6mm SurgeWave® Gliders at each end of your curtains. This ensures the edge of the curtain is folded neatly back to the wall and that your curtains meet with a flush finish when drawn closed.

SurgeWave™ Neat Pleat Guides
are also ideal to facilitate a Draw Rod

A modern interior space featuring a dark, polished table in the foreground. On the table are two stacked black rectangular boxes. Behind the table are several orange upholstered chairs. In the background, a large window is covered with white vertical blinds. A large white pillar stands to the right of the window. A modern pendant light with a brass-colored frame and a white shade hangs from the ceiling. The ceiling has recessed lighting and air vents. The walls are a neutral gray color.
