DISCOVER A NEW WORLD

# DISCOVER SPECTRUM

FORGED FROM THE ELEMENTS,  
AS MESMERISING AS THE STARS.

## THE SPECTRUM RANGE

Forged from the elements, the Spectrum range comprises of a galaxy of design from timeless antique brass to shining bright polished silver, understated black nickel and our explosive tempered titanium. Stunning creations of glass and metal – with spheres, spirals, studded balls, crystal cut diamonds and sparkling mirrored mosaics – the Spectrum range allows you to roam through another dimension in curtain furnishing.

Explore brave new worlds of colour in both 50mm and 35mm diameter metal poles and you'll find that Renaissance takes you light years ahead with the new Spectrum range. From observatory to conservatory,

patio to playroom, transparent drapes to heavy velvets, cotton dreams to titanic tapestry, Spectrum has the universal strength and style to fulfil all your requirements.

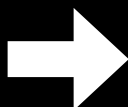

Colour finishes available:

- BLACK NICKEL
- ANTIQUE BRASS
- TITANIUM
- POLISHED SILVER

Please refer to the following pages to confirm finial colour availability.

Curtain pole suitable for  
medium to heavy weight  
curtains.

Suitable for straight  
runs.

Kits and components are  
delivered in transport  
packaging.

Available made to measure, in kit form for simple ordering.

Available in contract components for larger jobs.

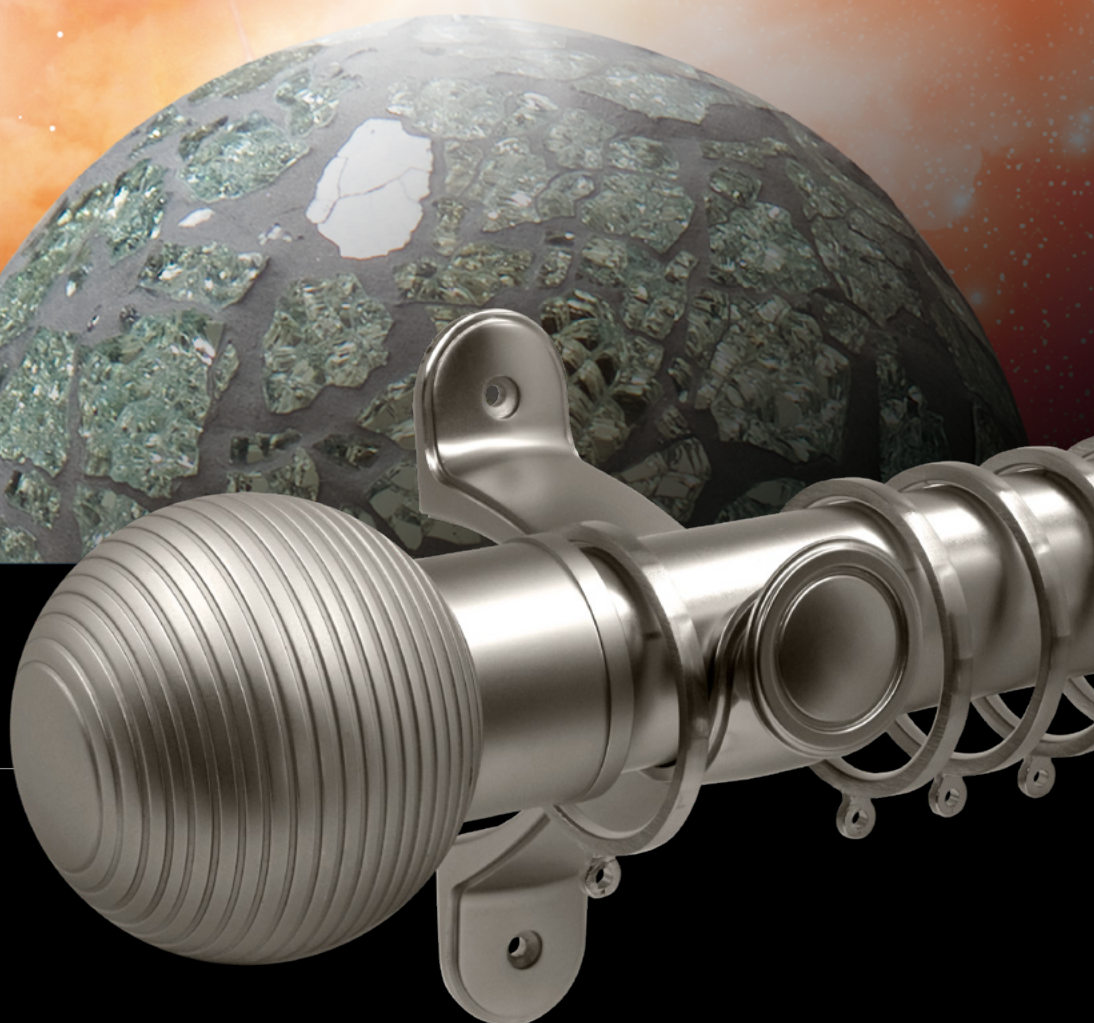

## Single length poles available up to 3.00M

Whilst every effort has been made to ensure colour accuracy due to the limitations of colour printing please refer to product samples.
