# Disposable Cubicle Curtains

With Antimicrobial Protection

<b>Curtain Material</b>	100% Recyclable Polypropylene Non-woven
<b>Available Sizes</b>	Widths: 1.8m, 2.4m, 3.6m or 7.2m All Curtains have a drop of 2m
<b>Key Features</b>	<ul style="list-style-type: none"> <li>• Supplied in a hygienic protective polythene wrapper – once curtains are hung the wrapper is simple to remove.</li> <li>• No individual fitting of hangers required.</li> <li>• Supplied with clear Audit Date Labels.</li> <li>• Pre-fitted holdbacks help to keep Curtains securely folded away when not in use.</li> <li>• Meets with British Flame retardant standards.</li> <li>• Treated with Ultra-fresh antimicrobial protection</li> </ul>

Pre-fitted holdbacks help to keep your Curtains securely folded away against the wall when not in use with a simple press-stud locking device.

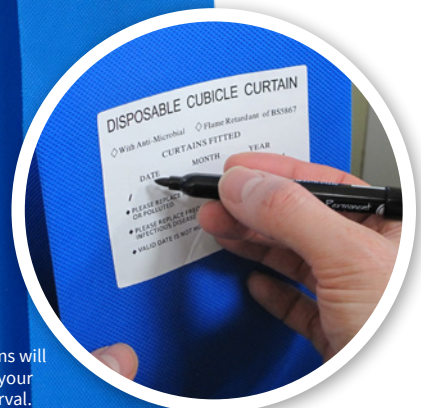

The Disposable Cubicle Curtains are made from 100% Recyclable Polypropylene Non-woven material which meets with British Flame retardant standards. They are also treated with Ultra-fresh antimicrobial protection

## How it works Easy-Fit via quick access points

Renaissance Disposable Cubicle Curtains weigh far less than conventional curtains and with 'quick access points' on all Renaissance Cubicle Rails they are easy to fit and replace.

The 'Quick access points' can be blocked once your curtain is in place with simple-to-use twist end stop.

Complete your Audit Date label to ensure your disposable curtains will be changed after your allotted time interval.
