Glide-Aside® Battery track has a strong 6mm groove aluminium profile suitable for up to 50kgs of curtain

## Glide-Aside® Control Options

Glide-Aside® kits are supplied with a dual channel handheld remote

Optional **Glide-Aside®** 15 Channel LCD-screen dual remote also available

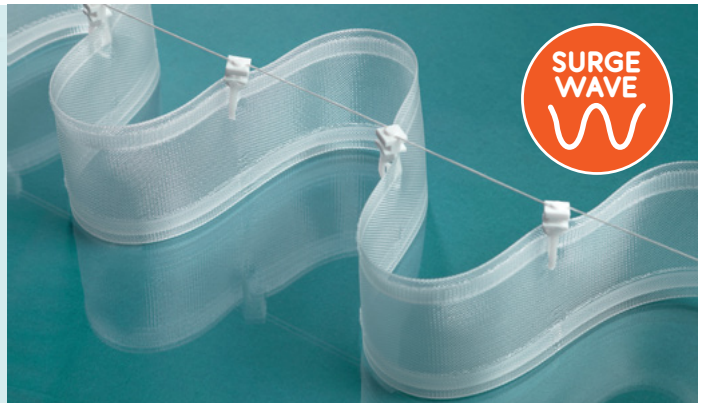

Glide-Aside® will also operate at the tug of the curtain

### Glide-Aside® + SurgeWave

**SurgeWave™** System gives a consistent heading without having to pull any strings and with your curtains open **SurgeWave™** stacks back to give a tidy, minimalistic look.

Upgrade to our **Roller SurgeWave Gliders** and together with SurgeWave Tape in your curtains heading you will get smooth, consistent waves in your fabric which effortlessly glides along your Glide-Aside Track. Available in either 60mm or 80mm spacing.
