TAB-LOCK CORD ROLLER

HOW IT WORKS

AUTO-LOCATE

The uniquely designed chamfered inner mechanism will automatically adjust to fit the headrail axle bar.

TAB-LOCK

To lock the roller in place simply twist the Easy-Lock Tab 90° in either direction. Simple as that!

**NO SCREWS
REQUIRED**

QUICK ADJUST

It's so simple to adjust – just twist the tab and slide in either direction to reach your desired position.

Key to icons

Ideal for use in:

HOMES & DOMESTIC
Track can be used in everyday living environment

OFFICES & HOTELS
Designed for use in more frequent use or industrial areas

WHY CHOOSE RENAISSANCE?

EXPERT ADVICE

Our product experts are always on hand to solve challenges with even the most complex window dressing solutions.

ENDLESS CHOICE

Numerous design options and colour choices so you can personalise your installation to a specification to suit you.

TAILORED FIT

Our full made-to-measure service & track bending facility ensures our products are made to your exact specification.

FAST DELIVERY

Need it yesterday? With large stock holding on popular products we offer next day delivery when required.

THERE & THEN

Individual tracks can be collated and labelled for ease of fitting on-site – delivered to where and when it's needed.

QUALITY ASSURED

All Renaissance products come backed with a full 5 Year Guarantee to give you complete peace of mind.

CHILD SAFE
PRODUCT

- ✓ Simple to use and is inherently child safe
- ✓ No chain required – ideal for care homes

Renaissance Closed Cassette System can be easily motorised by using our bespoke motor and accessories that integrate very neatly and compactly within the cassette headrail.

The operation of the blind system can be controlled by various means; with options including light sensors, time sensors, manual switching or remote control.

Various intelligent systems are also available for operating either individual or multiple systems.

Features Include:

- **Neat enclosed integrated system only protrudes 38mm when face fixed**
- **Pre-assembled to required size.**
- **Simple to operate low noise emission**
- **Blinds can be easily removed for washing**

Technical specification including wiring details available on request.

Wiring specifications/multiple blind operation: Savings can be achieved if operating more than one blind at a time, as not all components need to be repeated for each blind. Price on application – tailored to your specific requirements. Please ask for details and prices.

All Closed Cassette System Kits are compliant to BS EN 3120:2009+A1:2014 Child Safety Standards.

FAST»»FIT
TAB-LOCK CORD ROLLER

The uniquely designed Fast-Fit Tab Lock Cord Roller from Renaissance with amazing time-saving features now available in all kits!

Fitting Instructions, Safety notice and Safety label included in every kit.

* Note: If purchasing a motorised kit for self assembly, the chain and chain house will not be required. Please order an extra end cap for this.

*Note: Alternative Chains can be included for the additional chain cost – see page 154 & 155 for full detail on Chains available.

**Made-to-measure includes a cut to your required size and includes a Chrome Chain. Swap your Chrome Chain to a Plastic chain of the same size for no extra charge.

Orders must be placed in writing with size specified in mm. For alternative control options, requirements must be specified including type of control, number of blinds, sizes and weight of blinds and whether group switched or individually controlled. Feel free to contact us to discuss your requirements. Accessories images shown may differ subject to specification.

Power Supply Options

240/12v Mains Power Supply

12v Reloadable Battery Tube + Clips

Alternative Control Options:

• Multi Channel Remote • Light sensitive • Time controlled • Multiple blinds

Note: Combinations of these options are available – please contact us for your bespoke requirements.

Remote Control Alternatives
