Metal Eyelets

Metal eyelets offered in 5 sizes, these are ideal for any weight of curtains with a large flange allowing for thick, interlined headings.

The tooling compresses the eyelet to ensure the fabric does not move and the metal rolls to leave a clean finished edge without sharp edges.

See matrix below for colour availability.

25mm Eyelets

Suitable for up to

BRASS	GUN METAL

Colours: Replace **X** in order code for your chosen colour letter ref

E	Z	K	T
BRUSHED STEEL	BRONZE	BLACK	MATT CHROME

B	M	S
BRASS	GUN METAL	CHROME

How it works: Step-by-Step Guide to Use

❶ Hold eyelet with hole at top

❷ Insert open 'pin' into hole at top

❸ Run finger around rim until it clicks in complete

❹ Completed

When eyelet is clipped together, the fabric edge is sealed and will not fray. (For accurate, easy and neat hole cutting use the Eyelet Easy Cutter or Eyelet Press).

Essentials™

Click & Twist Plastic Eyelets

Click & Twist Plastic Eyelets are Ideal for voiles, nets, light weight pelmets, curtains, panels, blinds or pelmet decorations.

Click & Twist Plastic Eyelets simply 'click' together by pushing both sides and then you can 'twist' them apart if you need to clean the curtains or re-use the eyelets elsewhere. See guide below for full details.

ID   35mm

Click & Twist 40mm Eyelets

Punch hole of 40mm. Suitable for up to 30mm diameter poles.

Pre-packed: 10 px   Code: 44EYC4D**X**
Packed loose: 100   Code: 44EYC4C**X**

How it works: Step-by-Step Guide to Use

❶ Line up

❷ Click together

❸ Twist

❹ Easy release
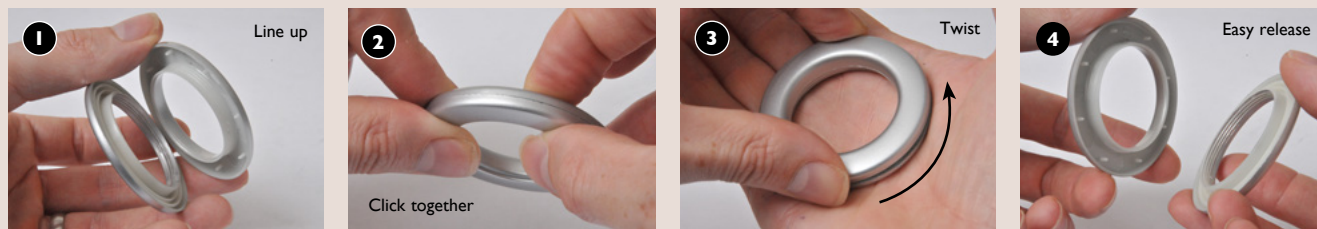

40mm eyelets that simply 'click' together and can be easily taken off by 'twisting' the eyelet without damaging the curtain or the eyelet.
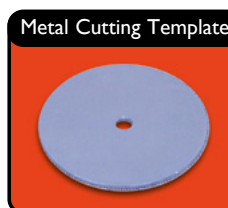

Eyelet Tools Easy Cutter

Essentials™

Eyelet Easy Cutter for quick, accurate and neat hole cutting with little effort. Cutter can be used for all types of eyelets.
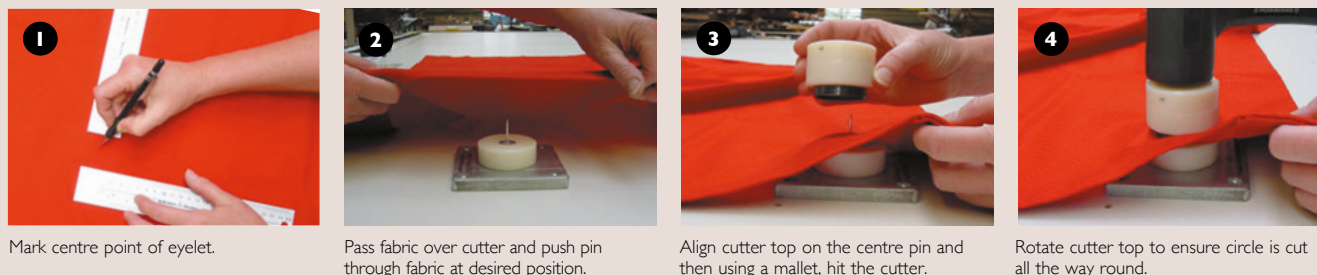

NOTE: It is recommended to fix cutter to a table when in use. Lead weight or rubber mallet is recommended for use with eyelet cutter to avoid damage and reduce noise in hole cutting. Spare parts for cutter are available for purchase.

Spare Accessories also available:
- Spare blades – 40mm, 55mm
- Spare tops including blades also available.
- Cutting Base (Plastic Anvil) 40mm/55mm.
- Centre pin with fixing screw.
- Metal Base only.

Metal Cutting Template

40mm Eyelet Easy Cutter   Code: 44EY4CUT
55mm Eyelet Easy Cutter   Code: 44EY5CUT

Step by Step Guide to Use

❶ Mark centre point of eyelet.

❷ Pass fabric over cutter and push pin through fabric at desired position.

❸ Align cutter top on the centre pin and then using a mallet, hit the cutter.

❹ Rotate cutter top to ensure circle is cut all the way round.

Net Suspension Twist Tension Rods • Curtain Wire & Accessories

Essentials™

Adjustable Twist Tension Rods

Our heavy duty Twist Tension Rod is ideal for net curtains, voiles, lightweight curtains and shower curtains.

Lengths min–max	Diameter outer section	Bulk Packed Outer: 50
40–61cm (16–24")	13mm	30TB040W
56–92cm (22–36")	13mm	30TB056W
91–152cm (36–60")	13mm	30TB090W
122–183cm (48–72")	13mm	30TB122W
160–250cm (63–98")	13mm	30TB162W
228–355cm (90–140")	17mm	30TB228W
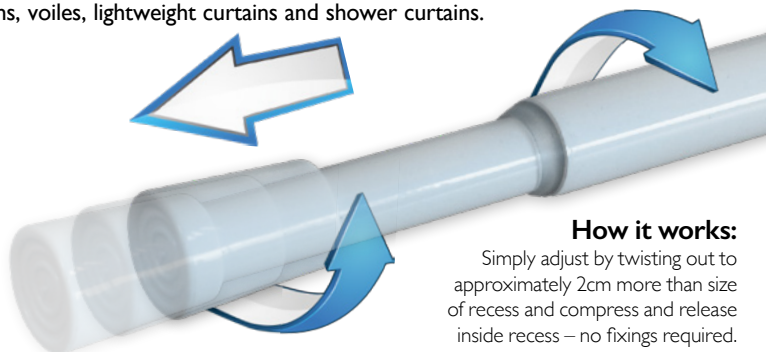

How it works:
Simply adjust by twisting out to approximately 2cm more than size of recess and compress and release inside recess – no fixings required.

Extra large diameter, strong heavy-duty twist tension rod for shower curtains for straight runs between walls.

Decorative shower curtain hooks to complement and add extra feature to your bathroom or standard shower rings.

Shower Rail Size:
Width 144–255cm (56–100")
Diameter 25mm (1")

Packed: Outer 10
Code: 30SJ144W

Clear Shower Rings
Packed: 12 px / Outer 10

BS EN 13120 COMPLIANT

* Indicates item has been tested to
meet BS EN 13120:2009+A1:2014
Child Safety Standards requirements.

NOTE: Complete elimination of the strangulation risk is only achieved by keeping cords, chains, tapes and similar out of the reach of children. Use of additional safety devices may reduce the risk of strangulation but cannot be considered foolproof. Persons in charge of children are ultimately responsible for following the safety instructions provided by the manufacturer. **European Standard BS EN 13120:2009+A1:2014**
