

Project Ceiling Fix

Multi-groove Track

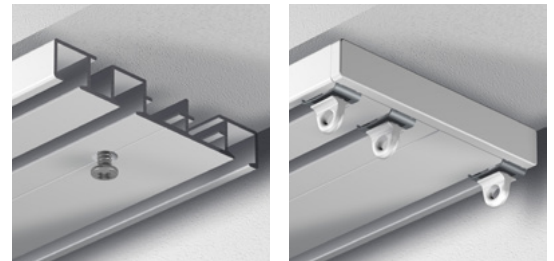

Material	Aluminium alloy 6060/T6
Weight	Double = 543 g/m • Triple = 617 g/m
Track Sizes	6m single lengths only
Additional Details	A highly functional and quickly constructed tracking system when multi-layered curtain effects are required. Can be corner jointed, or jointed to offer unlimited length of tracking, for a neat uncluttered appearance between walls. Can be fitted with intermediate stops to define specific windows or design elements as required.
Track Maintenance	We recommend that the track is kept clean and dust free. Re-siliconisation is also recommended to prolong the smooth running of the gliders
